

To whom it may concern

Statement concerning

Regulation (EU) No 10/2011 as amended **on plastic materials and articles intended to come into contact with food**

Kuraray Europe GmbH hereby certifies that ®Mowital products (polyvinyl butyrals) meet the relevant requirements laid down in Regulations (EU) No 10/2011 and No 1935/2004 as amended within the following general framework and limitations:

- All starting substances used for the manufacture of ®Mowital are authorized for their use in food contact materials by inclusion in Annex I of Regulations (EU) No 10/2011.
- Only ®Mowital B 75 H contains up to 1000 ppm BHT (2,6-Di-tert-butyl-p-kresol, Ref. No 46640, FCM No. 315). BHT has been assigned a specific migration limit (SML) of 3 mg/kg food and is a dual use additive with regard to Directive 2008/84/EG.

®Mowital is regarded as being suited for the use in food contact materials, provided that the finished food contact materials meet the overall migration limit of 60 mg/kg and 10 mg/dm², respectively, as well as substance specific migration limits established by Regulations (EU) No 10/2011.

Above information is intended to support our customers in fulfilling their obligations with regard to Regulations (EU) No 10/2011. The final verification of their products' compliance with migration limits and other applicable requirements of Regulations (EU) No 10/2011 and No 1935/2004 is in the responsibility of the manufacturers of the finished products and can only be performed by them.

With our best regards,

Kuraray Europe GmbH

Dr. M. Baumgartner
(Head of ESHA & Regulatory Affairs)
